<http://www.frbsf.org/banking/publications/>

This is the portal for access to a series of regular publications on banking conditions, trends, and commentary, including:

First Glance 12L – A look at financial performance of commercial banks in the West, updated quarterly.

Banks at a Glance – Semiannual reports highlight key indicators of banking conditions within each of the nine states comprising the 12th Federal Reserve District.

Supervision in Brief – Periodic publication offering observations by the FISC Head of Supervision on current banking and regulatory issues.

Community Banking Connections – Federal Reserve System website and publication providing additional insight on recent supervisory and regulatory developments related to community banking.

Consumer Compliance Outlook – Federal Reserve System publication focused on consumer compliance issues. Also available on this site are recordings of past Outlook Live audio conferences and notice of upcoming programs.

District Circular Letters – Announcements to institutions in the Twelfth Federal Reserve District.

<http://www.frbsf.org/banking/programs/>

This is the portal to learn about events such as the Federal Reserve System's "Ask the Fed" teleconference program and the "Outlook Live" consumer compliance webinar. Also available is information on the System's Partnership for Progress program for minority-owned depository institutions.

<http://bankdirectorsdesktop.org/>

Bank Director's Desktop provides online training, a downloadable book, *Basics for Bank Directors*, and links to web based resources for bank directors to develop an understanding of their role in performing bank oversight responsibilities.
