COMMUNITY DEVELOPMENT

Highlights

Focus on Community Development Policy
Community Investments: Volume 20, Issue 3, 2008
In this issue, we highlight new ideas, innovations, and questions around the topic of community development policy. The articles consider the role of policy in channeling public and private investment into community development efforts, with topics ranging from established federal policies, such as the Community Reinvestment Act and the Community Development Block Grant program, to more recent movements such as stakeholder-driven community development and microenterprise.

The Enduring Challenge of Concentrated Poverty in America
In 2006, the Community Affairs Offices of the Federal Reserve System partnered with the Brookings Institution to examine the issue of concentrated poverty. The resulting report, *The Enduring Challenge of Concentrated Poverty in America: Case Studies from Communities Across the U.S.* contributes to our understanding of the dynamics of poor people living in poor communities, and the policies that will be needed to bring both into the economic mainstream.
