TRENDS IN DELINQUENCIES AND FORECLOSURES IN SOUTHERN CALIFORNIA

January 2010
National Trends

- Signs that the economy is starting to grow and move out of the recession
  - GDP positive for the first time since start of 2008
- Major weaknesses still exist in the housing, labor, and credit markets
- Foreclosures continue to rise
  - Although the HAMP program has succeeded in reaching 728,408 distressed borrowers (as of November 2009), few of these modifications have been made permanent and scale still falls significantly short of need.

Continued Need for Foreclosure Prevention

- Important to reach borrowers with ‘preventable’ foreclosures

  - Borrower Outreach Events
    - Create a foreclosure prevention workbook -- for an example see Arizona’s:

  - Making Homes Affordable
    - Federal program provides both loan modification and refinance options
    - Online form available that allows borrowers to assess if they qualify for the program
      - [http://makinghomeaffordable.gov/eligibility.html](http://makinghomeaffordable.gov/eligibility.html)
Preventing Foreclosure Scams

- Foreclosure scams are proliferating, especially in markets with investor interest
  - Some counties are sending notices to all delinquent borrowers to warn them about foreclosure scams
  - Free media kit available from the Federal Reserve which includes a PSA and other resources: [http://www.federalreserveeducation.org/pfed/mediakit.cfm](http://www.federalreserveeducation.org/pfed/mediakit.cfm)
  - NeighborWorks PSA: [http://www.youtube.com/nwpad](http://www.youtube.com/nwpad)
- Other 5 Tip brochures and resources available from the Federal Reserve [http://www.federalreserve.gov/consumerinfo/fivetips.htm](http://www.federalreserve.gov/consumerinfo/fivetips.htm)
Stabilizing Communities and Helping Families After Foreclosure

- Develop service delivery and resources for families who go through foreclosure
  - Rental housing assistance
  - Credit repair
  - Minimizing disruption for children (e.g. allowing them to finish the school year in their old school)

- Minimize negative spillover effects of vacant properties on surrounding neighborhood
  - Ensure servicer maintenance of REOs
  - Work with lenders/servicers to acquire and rehab foreclosures for affordable housing
