

## Retail trends in crypto

The views expressed in this presentation are my own and do not necessarily reflect those of the Federal Reserve Bank of San Francisco or the Federal Reserve System.

## **SF Fed Fintech**

#### **OUR MISSION**

Promote responsible, inclusive innovation in the financial system through supervision, thought leadership, and outreach

#### Today's focus:

- Who buys crypto?
- How do they use it?
- What patterns or preferences are prevalent?
- What is likely to happen to crypto demand in the near-medium term?

## As many as 1 in 8 Americans have bought cryptocurrencies

#### Number of retail investors has surged since March 2020

Reported number of US adults who have traded cryptocurrencies

Coinbase global monthly transacting users (MTUs), millions

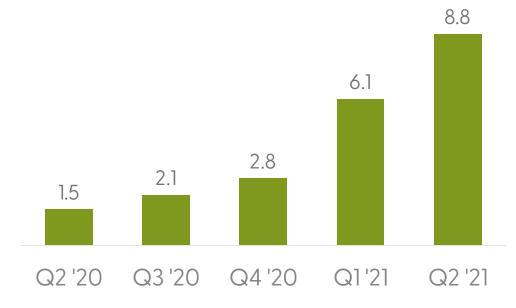

#### AmeriSpeak Omnibus Survey, NORC at the University of Chicago

Total sample of 1,004 U.S. adults Polled from June 24-28, 2021

14%

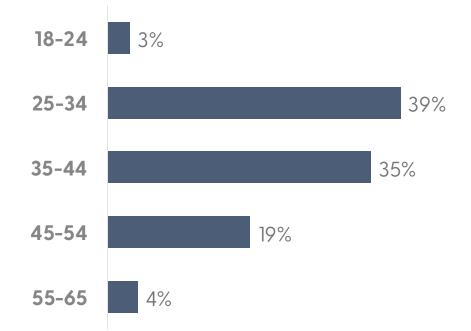

#### Gemini State of U.S. Crypto Report

Total sample of 3,000 U.S. adults aged 18-65 with minimum \$40,000 in household income Polled from Oct 19 - Nov 16, 2020

# We expect retail participation in cryptocurrency markets to persist

#### Headwinds

- Uncertain regulatory
  environment
- ESG concerns

#### Tailwinds

- Marketing push by new and existing players
- Crypto job boom
- Rising availability of crypto in other financial products (IRAs, 401(k))
